

Directions from Narbonne Croix Sud

These directions are from the Narbonne Sud exit (Junction 38) of the A9 autoroute, La Languedocienne.

After the péage, go straight ahead on the N9 (dual carriageway), following signs for Béziers and (to begin with) Lézignan Corbières, but don't take the exit to Lézignan - stick on the N9 for about three km, following signs for Béziers.

At the second roundabout, turn left, the third exit, towards Marcorignan and Ginestas, on the D607. Stay on the D607 for about 10km, going through Marcorignan and St Marcel. Watch out for an Intermarché supermarket on your right after St Marcel. Just after this is a roundabout and about 200m further on you need to take a left hand turn signposted St Nazaire, which is just before the road goes up over the Canal du Midi. Take this narrow country road as far as a T-junction in the village of St Nazaire, where you turn right: be careful because the right-hand is a blind corner.

Follow the road as it winds out of the village (again, it's a fairly narrow country road) past a new estate on your right and out into the vineyards. You will come to the Canal du Midi as the road bends to the left, following the Canal. After about 800m or so, you will see the village of Ventenac on the opposite bank, and the Ventenac bridge in front of you.

From Ventenac bridge

After the bridge go straight ahead up the fairly steep one-way street, past the cemetery on your right, for about 300m. As the road dips down, you come to a stop sign. Continue straight and take the next left which is the Rue de la Fontaine.

Proceed to the end of the road (about 80m) and you will see us on the left. "4" Rue de la Fontaine

Drive safely.
